Toots, Sweetheart:-

Yours of the 23rd received & was very sorry to hear that you are well nigh sick. Why don't you take care of yourself, toots? You always advise me what & what not to do, and you go ahead & disregard everything & get sick.

I suppose you are suffering from a heavy cold. Please do something for it, you hear? If you don't, I'll bite your nose off. I am also suffering from a cold in my head, but I suppose it's only one of my season's colds. I get one for every season. Don't forget & take care of yourself, sweetheart.

I received a letter from mammy & she told me about the nice present Rae & you sent her. Much obliged for doing it, honey.

I'll close now, my own sweet little toot,

Your loving
Joe

Am expecting that nice long letter.
